

Tell Gov. Hochul and Legislators you **OPPOSE ASSISTED SUICIDE** in NY

We oppose the so-called “Medical Aid in Dying Act” S2445A Hoylman-Sigal/A995A Paulin. At a time when suicide is a serious public health problem and among some populations is a crisis, New York should uphold its good protective law prohibiting assisted suicide. The highest court in New York, the Court of Appeals, ruled unanimously (7-0) in 2017 that the state has a legitimate interest in prohibiting assisting suicide. Don't allow physicians or providers to promote, imply as acceptable, or assist suicide, which will be used disproportionately against people with disabilities and “inconvenient” people to deny them care and cause their death.
